Foreword

Welcome to our third AES Elite Foal Auction in cooperation with Brightwells Auctioneers.

Having listened to feedback from the competition community, it is our vision to offer you an excellent selection of the very best British bred foals from all over the UK all in one place and under one roof.

The Addington Elite Sales alongside the Young Horse Championships provide the perfect venue and opportunity to present our foals to an expert audience of serious buyers from show jumping and eventing. New for 2018 is that we will showcase the dressage bred foals at Stoneleigh Park during the British Dressage National Championship in September.

As in previous years, we travelled the length and breadth of the country, from Cornwall to Inverness and from Pembrokeshire to Norfolk to inspect and selected some of the best British breeding has to offer.

Everywhere we went we were met with great support and enthusiasm from across the entire breeding community, and we met passionate and knowledgeable breeders whose dedication has been truly humbling and inspiring.

Yet again we were struck by the depth of quality we found in breeding for all three Olympic disciplines, allowing us to put together a our best selection yet of quality foals, demonstrating how far we have come as a country. Our breeders can hold their head up high in international circles.

We are excited that we can offer serious and knowledgeable British buyers what they have been asking for: the opportunity to see an outstanding and truly diverse selection of serious competition prospect foals together all in one location.

Our special thanks go to Brightwells Auctioneers who are running the 'business side' of this auction and whose expertise in this field is simply invaluable. Without their support this would not have been possible.

Britain deserves and needs a strong and successful Elite Foal Auction to guarantee the future of the sport.

We would like to thank you for supporting the auction and being part of this exciting journey.

With the very best wishes

Your

AES Team

Thank You

We could not have assembled this wonderful selection of British bred foals without the help and generous support from our breeding community.

Thank you also to everyone involved in providing the details and information for the catalogue.

Welcome to a Source of Champions

Brightwells are delighted to be back at Addington Manor Equestrian Centre, for the 2018 August Elite Sale. The outstanding facilities at Addington provide the perfect setting to showcase the talented young horses we have to offer you.

This year you will notice that we have made a change to the collection, with the sale consisting only of show jumping prospects. Have no fear, dressage enthusiasts, you will have the option to buy your next dressage horse at our sale on 1st December. We also have the dressage collection sale in May next year alongside Addington's Premier League Competition.

We have had an overwhelming response from reputable breeders and producers, wishing to offer their youngstock at this year's August Elite sale. We can truly say, we have been spoilt for choice and hope that you are as delighted as we are with the catalogue. The same can be said for the Anglo European Studbook who have travelled the length and breadth of England to find us an Elite collection of Show Jumping bred foals. We look forward to seeing their catalogue!

We are very thankful to all our vendors, old and new, for their support.

This year the event starts with a loose jumping presentation of the 3 year olds on Thursday evening. The AES Foals then have their time to

shine on Friday, starting with a presentation mid-morning prior to the sale in the evening. In addition to the line-up on Friday, there will be an Equipe Saddles masterclass, which will take place before the foal sale.

The 3 year olds will join us again on Saturday evening, when they will be offered for sale.

We are delighted to welcome Equipe as sponsor of our event and they will be very generously donating a gift to each purchaser on Saturday evening.

You will also notice ClipMyHorse TV at Addington this year. They will be streaming the presentations and sales during the event and we are very excited to be working with them.

Once again, we will be offering VIP dinner and drinks tables on both evenings. As always, they are very popular and we recommend booking in advance of the sale.

We hope you are looking forward to the 2018 August Elite Sale, as much as we are!

It is a pleasure to introduce this athletic filly by Wish Upon A Star, bred by Tina Sharp and coming all the way from beautiful Devon. Wish Upon A Star has been combining his successful competition outings with busy stud duties, and brings the highly valuable blood of Gribaldi. His dam line has produced successful Grand Prix show jumpers such as Diamond MHZ who was competed by Tim Stockdale and Clare and Clark Glasgow. On the dam side, we have the Rubinstein son Richelshagen who has been a popular sire in this country for ridability and temperament. Behind that comes a Riverman x Flemmingh mare line bred to Voltaire on a motherline that has produced numerous successful show jumpers, such as Zephyr II, Noodles, Vivaldi XVIII, Barco 6 and Wirando H, to name only a few. This filly has it all, from world class jumping and dressage genes to the all important blood and eventing performance credentials from the sire to make a truly modern performance type.

This bold and beautiful filly stood out to our evaluators with her simply enormous presence, excellent conformation and big, elastic and balanced movement. Bred by David Shand and coming to us all the way from Inverness, this filly is a great example of how British breeders can mix some of our own performance lines with influences from the continent to create something very unique. Achilty Four Ten's mother is by the great Darco son Parco out of a mother by the famous Cavalier Royal on a thoroughbred motherline that brings blood type and speed. She competed successfully at 1.30m in this country. On top, we have the very modern Dutch lines of the 3yo stallion show champion Freeman VDL who at now eight years old is competing successfully at 1.40m classes and whose first offspring are beginning to make an impact under saddle across Europe. Freeman is known for making very complete horses with beautiful topline and excellent conformation, and this filly is certainly a prime example.

It is a pleasure to introduce this son of the great Diarado, bred by Laura Davis of Wickwater Stud. Diarado brings the important blood of Diamant de Semilly and has not only proven himself in the sport at 1.50m FEI level with Jonas Vervoort, but also as a progenitor of performance and type in his highly successful offspring, including the German national champion Diaron, stallion performance test winner Diacontinus and the Holstein stallion Dinken. Since 2013, Diarado has been at the top of the German FN show jumping breeding value estimations. Diego's motherline goes back to the Hanoverian family of Norbilla, which produced the important stallion Graf Grannus, as well as excellent performance horses, such as Wembley A and Robin Z and around 400,000 Euros of sport winnings in Germany alone. In the direct dam line we find the international showjumper Venom de Beaufour who is competed by Josephine Cottarel of France. Bred for performance through and through, this charming colt is a great prospect for the serious competition home.

It is a pleasure to introduce, all the way from Wales from the breeding of Ruth Skillen of Tyddyn Cochyn Stud, a daughter of the great Triomphe de Muze. This stallion looks back on a highly successful competition career, including wins at Hickstead and Wellington, backed up by excellent performance breeding via his sire Chin Chin and his damsire Galoubet, sire of Baloubet du Rouet, both of whom went to the Olympics. The motherline has produced several top-level horses like Newton de Kreisker, Mylord Carthago and Bamako de Muze. His dam Caprice d'Ifrane produced seven international offspring at 1m40 level and above. Having already produced a string of successful international Grand Prix horses, this sire is known to pass on his excellent jumping ability and athleticism. This filly's mother offers an interesting cocktail of proven dressage breeding in Painted Black on a mother from Andiamo, son of the great Animo, who is valued for passing on type and the desire to succeed, making him a highly valued addition to any show jumping pedigree. A lovely filly with beautiful looks and expressive, athletic movement.

We are delighted to present, all the way from Cornwall, this bold and athletic filly bred by Celia Clarke and Kerensa Cobbledick of Trevoulter Stud. Trevoulter Talents Genevieve has a powerful and expressive canter and is built for soundness. She is by Götterfunke who arrived in the UK following severe injury in Germany, and Germany's loss was certainly our gain in this stallion who not only overcame his injuries to enjoy a successful competition career with Derek Moreton, but who also brings some valuable breeding lines in the legendary Galvano on a direct daughter of the great Wendekreis. The dam was bred by John Whitaker and carries the important performance blood of Randi who carried Robert Whitaker to team gold in the British Young Rider European Championships in 1999, 2000 and 2001. Behind that comes Novilhero, a highly interesting Lusitano stallion who competed internationally with John Whitaker, thus bringing some rather different breeding into this unique mix. The grand dam Bumble produced several successful Grade A show jumpers with 5 figure sum winnings. She also had a daughter called Thursday by Gasper who has been a prolific producer of international 1.50m and 1.40m horses currently active on the circuit, including Enrique Blue and Ever So Clever Blue by Mr Blue. A filly with highly interesting bloodlines and outstanding performance accolades in the direct motherline, this young lady is not one to be missed!

We see another great example of combining proven performance breeding from the British isles with European influences in this compelling son of Jaguar Mail, bred by Steve Pullan of Aredis Sports Horses. Jaguar Mail requires no introduction. Following an illustrious competition career, he has made a name for himself as a reliable progenitor of eventing performance which sees him in the top positions of the WBFSH sire rankings. He carries a very high (over 80%) proportion of thoroughbred blood, making him an excellent choice to cross onto mares from warmblood or Irish backgrounds. The mother of this striking and athletic colt comes from an Irish Sport Horse motherline with a good dose of thoroughbred behind and Warmblood influences from the great Ricardo Z and the successful 1.60m show jumper Russel. A big and bold colt with an enormous uphill canter and 3 expressive and well balanced gaits bred for eventing performance through and through.

His offspring have received excellent comments in studbook evaluations for elasticity and type, and notable progeny in the international sport include the 1.40m horse B Bommel and the 1.40m Irish stallion Oliver Twister. The filly's dam offers proven performance breeding to match. She is by the Falsterbo nations cup winner Livello, which makes her the full sister of Bec Lorenzo who competed successfully at international 1.45m level with Catherine Tyree and Anna Duff. Grand dam Jermanji also had a son by Livello who competes internationally at CSI2** with Zhiyuan MA. Livello sired several international Grand Prix horses, such as SEIC Lion King Z and Lapuccino 2, as well as several licensed stallions. It is a great pleasure to introduce this exceptional colt bred by Samantha Edis. The sire Douglas competed successfully in the international 1.50m classes with rider Conor Swail until injury cut short his jumping career. However, the sport's loss was breeding's gain, and he has since established himself as a great progenitor of performance with offspring winning on the big international circuit everywhere. A particular highlight is his son Suma's Zorro who recently won the Grand Prix of Paris. It is therefore not surprising that his offspring are fetching excellent prices, with Dougie Douglas selling for 1.4 million Euros at the Goresbridge Auction. On the mother's side, we have the influence of the great Cassini on a dam line that has produced the 1.55m stallion Le Quidam and the 1.60m horses Cindy and Lambert Louis, to name only a few examples. In the direct line we find from the grandmother Carina the 1.50m show jumper Felice and from the great grandmother Inka the licensed stallion Campari. We are delighted to introduce this tall and impressive daughter of the interesting young Kannan son Karajan. Bred by The Crown Stud, this filly offers long and elegant lines paired with powerful and correct movement. Karajan carries a cocktail of some of the very best of modern show jumping breeding. His sire Kannan requires no further introduction, and behind that come Verdi and then Cornet Obolensky. The mother Eskkato brings the important influence of the great Stakkato, famed for passing on performance and excellent expressive gaits. One of the oldest offspring from this mare is 7 years old and competing successfully at 1.20m level. The maternal grandmother Escaela is the half sister to the 1.50m show jumping mare Enjoy. Also from this line, we have the stallion Coleman S. Interestingly, the motherline goes back to a full thoroughbred mare who was also the mother of Orlog XX. Orlog was the dam sire of Dondola, whom we find in the dam line of the great stallion Danciano. A truly fabulous pedigree in this imposing filly destined for the very top.

He offers a strong blend of proven eventing performance breeding from his sire Fleetwater Opposition on a dam line with a high percentage of thoroughbred breeding. He has been the No.1 Ranked Sire of Eventers at the Futurity, and is also the sire of multiple Express Eventing and Arena Eventing Winners, BYEH Finalists, HOYS Finalists, and Badminton Grassroots Finalists. It is therefore perhaps not surprising that this foal was awarded an Elite Premium at this year's Futurity evaluations with a mark of 9.5 for his conformation and 9.25 for his canter. The mother brings the proven show jumping breeding of the Quidam de Revel son Desir du Chateau who is over 68% thoroughbred and AA, and has already sired multiple International eventers including the French Team horse Oregon de la Vigne, and the Young Showjumping World Champion Dax van d'Abdijhoeve. The dam line goes back to the CCI**** mare Cornish Faer who was long listed for the Olympics and was by the legendary thoroughbred Ben Faerie. Her daughter Cornish Gem was by the great event stallion Rock King, and Future Coeur de Reine herself was the top scoring BEF Futurity Event Foal in 2009 scoring 9.21. Another athletic and tall eventing prospect comes from the breeding of Steve Pullan of Aredis Sports Horses. Aredis Telstar offers the unusual and interesting combination of some of the most highly regarded modern performance bloodlines on a Cleveland Bay motherline. The Cleveland Bay has received much attention in the press recently as an endangered breed, and it is thanks to the tireless work of breeders like Steve that we have a chance of seeing these lovely horses preserved for future generations. Grey Top is a very interesting choice as an eventing sire, as in his Hanoverian performance test he was not only the reserve champion of the jumping stallions, but also came a very good fifth of the dressage stallions, showing the dual talent and versatility required in modern day eventers. From his first crop alone came 3 licensed stallions, indicating that he is a great progenitor of type and talent. The stallion is competing at 1.50m level since 2016. The mother of this beautiful colt is by none other than the great Jaguar Mail who requires no further introduction and who brings a good dose of highly valuable thoroughbred blood. Behind comes a pure Cleveland Bay line that has produced 3 licensed stallions in the immediate family, Aredis Maestro, Aredis Prospero and the popular Arena Big Ben. A highlight is the black type stallion Habitat XX, dam sire of Just Jasmin's sire, who won over \$82 million in racing. Further back in the dam line we find the black type mare Miss Slip=eng XX. RENDEZ-VOUS VAN PAEMEL	RANDEL Z GRANIE
GERMUS R	JOOST ZERMIE
EBALIA	PANTHEON XX OBALIA

It is a great pleasure to introduce this powerful and bold foal by none other than the great Cicero whose offspring are successful at international Grand Prix level all over the world. Bred by Jonathan Durham, this colt comes from a particularly strong motherline. Wya Balia RS combines the proven Grand Prix performance accolades of Germus R with a good injection of thoroughbred on the mother through Pantheon XX, and behind that comes the famous Farn. She already has offspring competing up to 1.40m level internationally, and with the majority of her children still at the very beginning of their careers, this can only get more exciting. The mare family has been prolific in producing international show jumpers and licensed stallions, including Warrior by Lupicor, Bybalia SMH by Cardento, Tobalio by Numero Uno, and the stallions Consul de la Vie Z and Hamlet, to name only a few examples. A charming and bold colt with big athletic movement and a pedigree from which much is to be expected.

Another auction highlight is this very big moving colt by none other than the great Big Star. Bred at Wrestow Stud by Nicola Burton, this gorgeous foal convinces with a very expressive and athletic canter that comes off the ground and shows excellent ability to balance and collect as well as extend. The great Big Star requires no further introduction, but Zilfa Star's mother brings to the table some excellent performance and breeding accolades of her own. She competed to 1.35m internationally with Jamie Wingrove and comes from the direct motherline of the 1.60m horse Iwan. She is by the Lux son Nobility, and behind that comes more proven 1.60m performance in No Limit and Zadok. With a great performance pedigree all the way through and a strong performance record on the dam herself, this colt is certainly not one to be missed!

This very striking tall colt is bred by Jasmine Hulme from the desirable stallion Je T'aime Flamenco who famously won no fewer than seven of the World's major Grand Prix. With a vast array of progeny competing successfully at international level, including the 1.60m mare Roma IV, ridden by Alison Barton, and Billy Twomey's ride Kimba Flamenco, who only recently was victorious at Falsterbo, this stallion is one of the most reliable progenitors of performance attributes. The mother brings the performance breeding of Uranium du Hossoit, son of the 1.60m stallion Ogano Sitte, on a daughter of Cruising with a thoroughbred injection behind from the stallion Bahrain XX, making an interesting cocktail of European performance lines combined with some classical breeding from the British isles. The mare competed in young horse classes and up to 1.30m before retiring from the sport to be used as a broodmare. An athletic and bold colt with the performance credentials to go all the way to the top.
